Talbingo Camp: 29-30th May

Thank you to all parents who have offered their help with catering for our camp. A final roster has been drawn up and is included with this newsletter. For our camp to be successful, it is essential that parents arrive on time for their rostered sessions.

Don't forget that we need donations of cakes, biscuits or slices for our morning and afternoon teas. It would be great if these could be delivered to school by lunchtime on Thursday, 29th May. Thank you.

We are all getting very excited about the wonderful workshops which will be taking place. We are expecting a power interruption on Friday, however, are confident that will not impact unduly on our camp, and are looking into alternative power supply options for the day.

P&C

Unfortunately, the P&C meeting that was to be held last Tuesday was unable to go ahead as insufficient members were present for the start of the meeting.

Our P&C holds a minimum number of meetings each year but these are essential to the efficient running of the organisation, and necessary to meet constitutional requirements.

The meeting has been rescheduled for Wednesday, 11th June at 3.10pm. The agenda will include a discussion of the Junior and Senior Excursion costs and fundraising procedures.

All parents are encouraged to attend and asked to arrive on time.

13 Storey Treehouse

Last Friday we travelled to the Canberra Theatre to see this play which is based on a book by well-known children's author Andy Griffiths.

I congratulate all our students on their wonderful behaviour throughout the day. Although we had a long journey, travelling via Cabramurra to pick-up staff and students there, everyone remained happy and managed the long day well.

We all enjoyed the show and our picnic lunch in the grounds of the theatre allowed us to enjoy the beautiful autumn day as well.

Highlands Cross Country

Good luck to all students attending the cross country today. We are sure they will all do their best and look forward to hearing their results.

Mood

In Literacy, we have been learning how authors create mood and pictures with words.

The black cat hissed at the old vintage house that held horror and gruesome stories. People claimed that there were evil spirits seeking for their next victim.

By Teagan

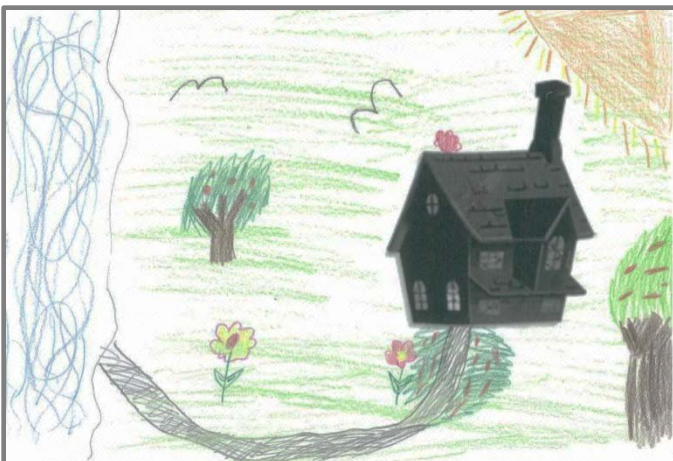

One dark night there was a terrible scream coming from this dark old house. This house has a terrible reputation for gruesome murders and paranormal activity.

There have been people pushed down the crooked old dark staircase but there is no-one behind them. There is one story about a man that was chained to the wall in the basement; he was tortured for the owner's entertainment.

This old crooked house has been abandoned for 10 years and no-one has been there since!

Once upon a time there was a peaceful house. There were pretty flowers and a calm lake and the sun is shining brightly. It was in the outback.
