- **Fridays**– Mrs Adams & Mrs Zimmer

IMPORTANT DATES

TERM 3

Week beginning Monday 17th July

Monday– Staff Development Day

Tuesday– Students first Day.

ALPSS Naidoc Day

Last Friday the ALPS school's came together at Talbingo Public School, to celebrate Naidoc week and farewell Mrs. Levey. The other schools spoilt us with a huge selection, of beautiful cakes and sweets.

The current theme for Naidoc is 'For Our Elders'. Which fitted in perfectly as we give thanks for Mrs. Levey's commitment, dedication, knowledge, experience and the important role she holds in our community, that we are very grateful for.

Students had a fantastic time decorating Boomerangs and playing multicultural games. Despite the weather, we all had a fantastic day together.

MASTER CHEFS IN THE MAKING

On Thursday's students participate in Enrichment Groups; book club, gardening and cooking.

Enrichment Programs introduce students to new activities and skills. These groups are a fantastic way for students to explore other interests, socialise and learn new skills.

In week 6 during cooking class, students made mini cinnamon scrolls. Mrs Adams then tasked the students to create a dish using a rectangle piece of puff pastry, cinnamon and or two fruits.

We have some amazing master chefs on our hands.

Mia - *I made a pastry flower.*

Jasmine - *I made a two-fruit pie.*

Maceo - *I made some croissants & a pie.*

Alara - *I experimented & made a cinnamon ball.*

Students Chat-

Jasmine- Year Six

I loved going to McAuley with Michael for orientation. The PE was my favorite part, we played ½ court basketball and Netball tag.

Alara - Year Four

I had lots of fun at the ALPSS Naidoc Day, we got to dress up in our Pj's and painted boomerangs with our own designs. We also played lots of fun games.

Ruby- Year One

I like doing word sorts and I like when we get to do art. The clay workshops were also lots of fun.

CLAY WORKSHOPS

For the past four weeks, students have participating in clay art workshops for beginners, with Mr John Thomson.

Students have created amazing works of art some including pots, horses & name plaques.

A huge thank you to Mr Thomson for very generously donating his time and resources for the workshops.

Thank you,
Mrs Levey,
We will miss
you so much!
